Presentations/Slideshows

It is suggested that if there is a presentation to be screened for your event, that it has an opening and closing slide that displays either the company logo or a holding slide for the event. Any slideshow should be set to loop.

Wireless Internet

Eureka 89 offers high speed wireless internet for your event if required (up to 50Mbps download speed and 50Mbps upload speed).

It is advised that you also prepare an "offline" version of your website/presentation.

It is strongly advised that all equipment and presentations be tested at least 1 day prior to the event by a representative of the event and/or a Eureka 89 consultant.

Compatibility to Eureka 89 inhouse equipment cannot be guaranteed without prior testing.
